

19th Nordic Symposium on Catalysis 24–26 August 2020, Espoo, Finland

Invitation

The Finnish Catalysis Society cordially invites you to participate in the 19th Nordic Symposium on Catalysis in Espoo, Finland 24–26 August 2020. The NSC conference series is a biennial event organized within the Nordic Catalysis Society framework.

The themes of the current symposium are:

Catalysis in the climate change mitigation

Catalysis in the Nordic Countries

The Symposium will be organized with plenary lectures, Berzelius lecture and parallel sessions with Nordic keynote lectures and accepted oral contributions as well as a poster session.

The aim of the Symposium series is to create a breeding ground for ideas by ensuring meetings between researchers and catalyst developers, from academy as well as industry.

Venue

The Symposium will take place in Dipoli in Otaniemi, Espoo. Dipoli can be reached conveniently with metro. The journey from downtown Helsinki takes only about 15 minutes.

Abstract submission

The deadline for submitting abstracts is 31 March 2020. More information can be found on the webpage.

Conference fees

Before 31 May 2020: 500 EUR (400 EUR PhD student), after 31 May 2020: 550 EUR (450 EUR PhD students).

The conference fee comprises the welcoming reception, attendance to all sessions, lunches and coffee breaks and conference dinner.

Conference proceedings

Selected contributions can be submitted as articles for publication in a special issue of the peer-reviewed journal Topics in Catalysis.

Local Organizing committee

Res. Prof. Juha Lehtonen, Prof. Henrik Grenman, Dr. Elina Harlin, Dr. Salla Likander, Prof. Em. Outi Krause, Prof. Riikka Puurunen, Dr. Matti Reinikainen.
