

Second circular and call for abstracts

19th Nordic Symposium on Catalysis 24–26 August 2020, Espoo, Finland

Invitation

The Finnish Catalysis Society cordially invites you to participate in the 19th Nordic Symposium on Catalysis in Espoo, Finland, 24–26 August 2020. The NSC conference series is a biennial event organized within the Nordic Catalysis Society framework. The themes of the current symposium are **Catalysis in the climate change mitigation** and **Catalysis in the Nordic Countries**.

The symposium will be organized with plenary lectures, Berzelius lecture and parallel sessions with Nordic keynote lectures and accepted oral contributions as well as a poster session.

Confirmed plenary speakers

- **Professor Gabriele Centi**, University of Messina: "A new catalysis for a changing scenario to address climate change mitigation"
- **Professor Regina Palkovits**, RWTH Aachen University: "Catalyst design as important element towards a circular carbon economy"

Venue

The Symposium will take place in Dipoli in Otaniemi, Espoo. Dipoli can be reached conveniently with metro. The journey from downtown Helsinki takes only about 15 minutes.

Call for abstracts

Abstract submission opens 20 January 2020 and the deadline is 31 March 2020. Notification on abstract acceptance is in May 2020. More information, link to abstract submission and template can be found on the webpages.

Registration and conference fees

Online registration opens 20 January 2020. Conference fees: Before 31 May 2020: 500 EUR (400 EUR PhD student), after 31 May 2020: 550 EUR (450 EUR PhD students). The conference fee comprises the welcoming reception, attendance to all sessions, lunches and coffee breaks and conference dinner.

Conference proceedings

Selected contributions can be submitted as articles for publication in a special issue of the peer-reviewed journal Topics in Catalysis. The deadline for the submission of manuscripts is 30 September 2020.
